

## ICASA 2021 Attendee health and safety measures

October 15, 2021

Here's all you need to know for attending ICASA 2021 safely, responsibly, and confidently. Note that some guidelines are mandatory.

NB: All delegates should have their covid test done at least 72 hours prior to departure. It is compulsory to be vaccinated if you are attending in-person

### Action to take in advance

#### Mandatory - badging

To avoid lines, we'll email your Letter of Invitation in advance. You'll need to **scan with your phone and bring it with you**. Badge holders and/or lanyards will also be available at registration desks.

### At Durban ICC - moving around the Conference

#### Mandatory - face masks

You must wear a face mask all the time inside Durban International Convention Center (except for medical exemptions). Both venue staff, Security and ICASA 2021 Volunteers are jointly responsible for monitoring face covering compliance and both are authorized to escort people out of the venue in the case of non-compliance.

#### Mandatory - staff access to booths

Booths with exhibiting partners will have their own dedicated registration desk with a clearly visible reception desk. This will ease traffic flow and minimize contact with attendees at peak times.

### Entering the Conference

Traffic flow in and out of the conference will be carefully managed. As far as possible we will ensure one way movement of people and minimal contact. We will also provide plenty of clear signage and extra event staff to guide you on your way.

#### Exhibition hall density

Wider aisles will be added wherever possible and we'll provide more seating areas in the

# ICASA 2021

DURBAN, SOUTH AFRICA | 6-11 DEC. 2021

exhibit hall to reduce crowding and improve traffic flow.

## **Mandatory - refreshments**

The venue will provide an extended range of individually packaged food items and will observe all applicable Covid health and safety standards. They will be also food court and market village outside of the venue across the ICC

## **Cleaning standards and special measures during the conference**

### **Mandatory-exhibition Hall cleaning**

The convention space will be cleaned regularly including electrostatic spray treatment every night in accordance with ICC standards. Exhibitors will also be required to clean meeting areas between each appointment or meeting.

### **Mandatory - health and safety monitoring**

Staff from ICASA 2021, volunteers and security of the venue will continually monitor the Covid safety procedures across the conference to ensure compliance and safety for all attendees.

### **Hand sanitizer**

Hand sanitizer dispensers will be placed throughout the conference as well as on many exhibitor booths. Also, PPE will be provided to all delegates at the registration desk. Attendees are encouraged to sanitize their hands frequently and after every meeting.

### **Meeting/conference rooms**

Meeting rooms will be set up in compliance with the current distancing and capacity guidelines in South Africa to ensure you can take part safely in ICASA 2021 sessions.

## **Other safety standards**

The venue has implemented a vast range of health and safety measures which are not detailed on this page but can be viewed on the Durban - ICC website.

Importantly, the entire Durban -ICC, including the exhibit halls, is equipped with a highly efficient ventilation system that provides full air exchanges per hour and meets the current International Conference standards.

In case of delegate COVID19 Test exit is positive, the delegate will support all cost related inclusive quarantine.
